Council Comments:

A synopsis of the discussion held this evening:

The Council received the most recent updated draft of the Master Plan which included new photographs. Overall, the council is happy with the Master Plan.

The map on page 7, and the pictures on pages 20 and 33 are pixilated and grainy. Ask Tanya DeOliveira if it can be fixed. The file size of the images might be affecting the picture quality.

We received no public written comment but received good feedback with the focus groups and survey.
